## NEWS RELEASE April 2013

Weigh Right introduces our newest model of our large volume fillers, the **iQ-3600-HD series (for package weights of 5 to 100 lbs.)**

OF  
DRIBBLE TRAY**

This new series is in addition to our PMB-3600 vibratory bulk feed scales. The iQ-3600-HD offers faster fill rates because it is outfitted with a 12" x 42" Hi Deflection BF-3 vibratory feeder. The BF-3 cascades the product into the weigh bucket and onto a smaller vibratory tray that tops-off the final amount for an accurate weight.

Like most of our vibratory scales the iQ-3600 can accommodate most dry free flowing products like candies, snacks, nutmeats, IQF foods, seeds, and similar.

## Available Options:

- OPTION A** ALL Stainless steel wash down upgrade.
- OPTION B** Metal detector support stand and controls mounting and integration  
(metal detector provided by others)
- OPTION C** HC-10 Box indexing Conveyor (when filling into boxes)
