G-50

Vibratory Feed System

G-50-BDC

Belt Feed System

Weights & Rates

10 lbs.	4-6 bpm
25 lbs.	3-5 bpm
35 lbs.	2-4 bpm
50 lbs.	1-2 bpm

Rates are estimated and are effected by package weight, product density, and flow characteristics. **Weigh / Count** rates are based on piece size and package count.

Accuracy is 0-.05 lbs. over (depending on piece size).

The G-50 is for weighing dry products like pet foods, granules, snacks, candies, or weigh / counting plastic pieces or small hardware.

The G-50-BDC is for weighing sticky or IQF products like fresh-cut vegetables, fruit pieces, gummie bears or meat chunks.

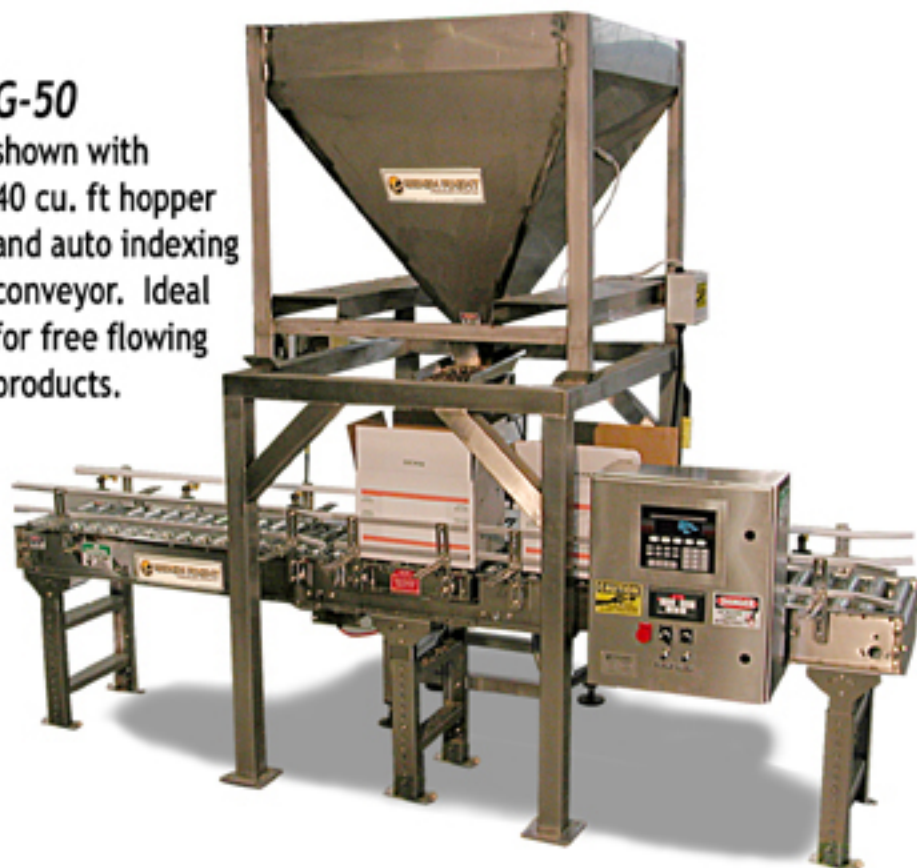

STANDARD MACHINE DIMENSIONS:

G-50 L: 61" W: 40" H: 68"

G-50 BDC L: 51" W: 40" H: 68"

Note: Dimensions are for general reference and will be customized to best suit customer's needs.
