

Weighing In

A newsletter from Weigh Right

Packaging Peanuts into Jars

For customers who need to quickly and accurately package peanuts (or other snacks) into jars, Weigh Right offers our PMB-4 linear scale with a triple tray feed design offering a rate up to 40 jars per minute (20 indexes x 2). [Click on the video link below to see it in action.](#)

PMB-4 Scale with dual discharge hoppers feeding through metal detectors into jars indexed by our HC-10 conveyor (metal detectors provided by others).
